Dear Ms. Fabre,

Our Gaggle Email Monitoring System has issued a second warning to TW regarding inappropriate use of student email (see attached item).

On a second warning, I usually contact the school's assistant principal as an FYI that this activity is occurring. Sometimes, a frank talk about the proper use of a school-issued email account is enough to make students realize that emails are not private and should be used for professional communication. We've discovered that some students don't realize that they are using inappropriate language.

If TW is issued a 3rd warning, I will suspend his email access for a period of at least two weeks after conferring with you.

Thanks much,

Susan Dupre, NBCT, Ed.D.
